AVV NEWS

Our Department of Employment and Labour certificates are valid till 2023. They are available to clients on request.

We are in the process of expanding our office space as our business is growing and look forward to clients visiting. Be assured, we have COVID19 protocols in place.

Aside from the services listed below and on our website we also provide ASME certification services through our association with Lloyds Register.

OLDER NEWS

AVV received the go ahead from the Dept of Labour on 13 Sept 2018 and commenced operations on 1 Oct 2018

Our Services include

- Certification of New-build Pressure Vessels, Steam Generators, Heat Exchangers, Cookers, Driers etc. and pressure piping.
- In-service inspection of all pressure equipment (non-nuclear).
- Certification of repair and modifications to pressure equipment.
- Conformity assessments (imported pressure equipment).
- Inspections of road tankers.
- Installation inspections of pressure equipment.

We look forward to being of service to industry throughout South Africa and beyond.
